

# the weather

thunder  
lightning  
strong winds

roof = teto

Suzfly Dahima II Pasy

Sak

Natural disaster happen everywhere. they hurt people and destroy properties. Mark the three worst in your opinion.

ground shake -
the wind blows
dry = secar

|   |   |   |  |   |
|---|---|---|--|---|
|  |  |  |  |  |
| <b>earthquakes</b>  | <b>tornadoes</b>  | <b>floods</b>   | <b>droughts</b>  | <b>famine</b>   |
|  |  |  |  |  |
| <b>hurricanes</b>   | <b>landslides</b>   | <b>volcanic eruption</b>  | <b>epidemics</b>   | <b>tsunamis</b>   |

wet - molhado

lava is melted rocks.

spread = espalha

mud = lama /barro

hole = buraco

- What is the worst disaster that has happened in this country?
- Is it possible to prevent natural disasters? Which ones? How?
- What is the best way to help people who lost everything in a natural disaster?

Michael and Lindsay are following the news about a natural disaster that happened in a neighboring city. Listen and mark what the reporter mentioned.

- The name of the city.
- The number of victims.
- The number of survivors.
- The seriousness of the event.

By using what you heard and your previous knowledge about Michael and Lindsay, answer:

a) What natural disaster hit the city?

\_\_\_\_\_

b) What will Michael and Lindsay do next?

\_\_\_\_\_

Now listen and check.
